

welcome to the el dorado kitchen. we are located at the entrance of the sonoma valley, framed by the mayacamas mountains to the east and the sonoma mountains to the west in the heart of sonoma's picturesque wine country . with thirteen separate AVAs (american viticultural areas) in sonoma county alone, the sonoma appellation boasts one million acres devoted to vines and is home to nearly 200 wineries. diverse in climate and soil content, sonoma offers a unique climate and truly distinct wine styles in california. we are excited to share with you some of the beautiful eclectic wines that this region in addition to other california and international regions have to offer. it is also our philosophy to search out and support wineries that promote organic and biodynamic agriculture, or more simply a greener way of thinking. wineries that are sustainably farmed, biodynamic or organic have been marked with an asterisk*. if you see something you like please ask questions. we would be happy to direct you to tasting rooms, or find a place for you to purchase and learn more about a wine you've enjoyed. If you see something you missed, come back. like our cuisine, seasons offer change, and new exciting wines to try.
